Director's Corner

The snow has finally melted and the weather is great right now. I have seen many motorcycles out on the roads and we are all itching to ride. If you have any ideas for a ride please let me know.

We started off this month with a great Super Bowl party and a good crowd attended. We had a lot of great food and everyone seemed to have a good time. We all enjoyed the laughter and fellowship. Congratulations to the Seattle Seahawks on a fantastic win over the Denver Broncos.

The fun will continue this month with a few rides that are planned. We are going to visit Chapter A in McDonough on Saturday, February 8th for lunch and February 15th we will join in on the fun at the Chapter S Sweetheart fun day. We will also have a dinner gathering for the Chapter this month.

Our Chapter T Fun Day is on May 10th and the theme is "Pioneer Days". Let's all dress the part this year as back in the pioneer days. It will be fun if we all participate. We need to all work together to make this a success for our Chapter.

FRIENDS for FUN SAFETY and KNOWLEDGE

Many of you have asked about another overnight trip (which I really enjoy), and we are going to get one planned as soon as we can. I will let you all know the details a little later as I get some information together.

As I stated at our January meeting we need help in many areas as a Chapter. If you are willing to give us a hand please let me know. We need you!!

Ralph and I are looking forward to being on the road on our motorcycle the

COME AND JOIN US FOR A FUN AND EXICTING TIME !!

Adventures of Dumbo

Dumbo Report ,

This month hasn't been the best month for riding, but I did go to Chilly Willy but stayed in the trunk not sure if Mr. Bill was trying to keep me warm & protected or just didn't want me around. I did hear him say it would be a good idea to donate me to the kids at the Hospital. I think it would be great for me to have a permanent friend.

Love

Dumbo II

That Mr. Bill, he's really a like-able guy. I don't know what I did to make him so mad that he wants to send me off!

Rider Education

Before you Ride.

This is just a refresher of some things to think about before you go on your next ride. Are you dressed for the weather. Do you have some spare clothes if conditions change. Is your riding gear up to current safety standards. When is the last time you checked to see if your helmet was out of date. Yes, a helmet's protective quality decreases with time due to chemical break down of the resins they are made from. What about your first aid kit, it also has to be checked for out of date items. Are you taking medications do you have them with you, on a ride do you have enough in case you can't make it back home due to a mechanical break down and have to wait a day or so for repairs. Are you doing a pre ride check of your bike for topped off fluids, correct tire pressure and tire wear and that all controls and lights are functioning. Hope everyone continues to ride safe. Don't forget about the ARC training class in March.

Tribute to a Fellow Member

When I learned of Jack's passing, I was very saddened. He was my friend, a fellow member and chapter brother. After joining Chapter T years ago, Jack was one of the very first to welcome me into the chapter and made me feel very welcome indeed. Our prayers are with Carol. Rest in peace, my friend. Stan

Today I received the message of Jack's passing and it really hurt my heart, Jack was my friend and I will miss him and his laughter and smiles. One thing he left us was plenty of memories. Thank You Jack!! You gave many years of your life to GWRRA and Chapter "T" and you will never be forgotten.

Carol, I love you and appreciate what you have given to our chapter, we all are here for you and don't hesitate to ask. You are carrying a heavy heart now and you have carried God in your heart for years so let him carry you now. We Love You! Joyce
