We are ending an exceptional month of chapter events. We have enjoyed a variety of different activities and have had a fantastic number of you participating. It has been great and encouraging.

If you did not get to go with us here is a recap of what you missed:

Camping weekend and picnic at Black Rock Mountain, a day long ride to Jaemor Farms for a tour and peach picking (we picked ours in the store) and then lunch at the Universal Joint, our monthly chapter meeting, a trip to Buford for Chapter D's Fun Day and Bar B Q and did I mention the Drill Teams, the Road Captains Course and our Chapter Picnic at Amicalola Falls. It was a very active month for us and a whole lot of fun. Did I miss anything????

Football season is upon us and I am sure you all have your favorite teams. We do as well, our teams are the Newton County Buckeyes (age 14 and under), Morgan County (age 12 and under),

the Georgia Bulldogs, Alabama Roll Tide and the Atlanta Falcons. **GO TEAMS!!!!**

AMICALOLA FALLS PICNIC

What beautiful day for a picnic and a ride. The wind against your helmets and the smell of onions in my car. Chapter T had a great turn out for the ride. We played played horse shoes and had great side dishes to go with the hamburgers and hot dogs.

There is one question that was finally answered. How many Chapter T members does it take to flip burgers and roll dogs. The answer is about 7 members or more but who is counting.

Everyone enjoyed the day and ride home was just as great as the ride up with one exception no onions in my Car.

Rider Education

Hello Everyone, We had a Road Captains Course on Aug. 23rd., so we have a new group of 13 freshly trained ride leaders and tail gunners. Tommy Martin did great presentation and we had on the road practice. If you want to sharpen your skills or refresh skills. Consider going to the classes that are offered thru GWRRA. Have you ever seen a road gator or know what one is? Well the truth is they are the rubber treads that have peeled off of tires, usually tractor trailers and they are a very dangerous road hazard. If you hit one it can cause you to lose your balance and down you go. If it wraps around your wheels it can cause loss of control of you motorcycle, damage to wheels and under carriage. Also did you know that Tractor trailer tire can blow out with enough force to injure you the rider. I recently read a story about two motorcycle riders who had this happen to them luckily no crash but one of them got some nasty bruises from the shreds of rubber from the tire. So when passing a tractor trailer get around it as quickly and safely as you can.

That's all for now,

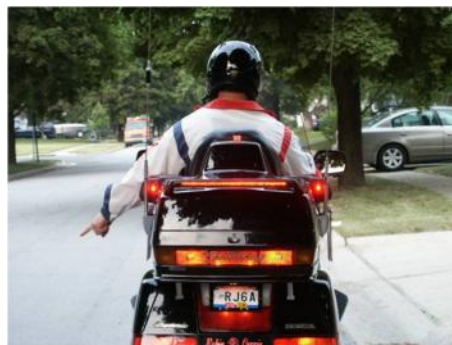

Gary Lewis
