### Directors Corner

Well this has started off to be a really "HOT" summer. Please be careful while you are out riding, don't forget to HYDRATE your body to help avoid any problems. Find a way to stay cool.

We had a great turn out from the members of Chapter T at the Georgia Wing Fling. We entered several competitions, but fell short of the win. We will do better next year so everyone needs to beware...we are ready to stand out as a chapter. We will be starting early to make sure we have everything in order to bring home the win.

We were camping, sitting around the fans (not a campfire) telling lies and eating some great food. What a great time of relaxation and fellowship with each other.

As many of you know we have a new Georgia District staff and we plan on supporting them just as we have in the past. At the same time we are welcoming home to Chapter T: Tommy, Vicky, Sid, and Donna who are all ready and willing to work and ride with us. (They like to play to.) Looking forward to many miles together.

## Adventures of Dumbo

### My Adventures with Garland

Well, it would seem I (Dumbo - the FUN loving Pachyderm), had struck out again. I thought for sure either Sid or Ralph would take me home again.

No, I got to go home with Ole Missed Turn Garland!!!

Well he has kept me busy, we have been to this peachy place to buy peaches and other kind of fruits and stuff. We went to this other Chapter's meeting where I was put on the giveaway table with a bunch of other stuff. We next had a fun weekend up in the mountains at a thing called a Rally - sure was a bunch of people there and I was got dressed up in a Rally Shirt and all.

Well, here are some pictures of my travels and I hear there is this lady motorcycle rider that wants me to go home with her next.

The big D

I was saved by this nice lady that held me and didn't want to let me go home

## Rider Education

All of us know that feeling of excitement when we get a new motorcycle. Your new motorcycle has it's own unique driving characteristics. So before you hop on and take off. Here are some things you might want to do first so you won't end up in a tree. Get out your owners manual and read it, the manufacturer put it there to give you valuable information about controls, safety and how to maintain your motorcycle. Start off riding in a empty parking lot to get familiar with your controls and the feel of the motorcycle. Then head out for back roads to build your skill level. Which will be the beginning of years of riding pleasure.

That new bike will draw a lot of attention and a few folks may ask you to let ride it, since they don't know how it rides the best thing is to not let them ride it. But if for some reason you do, if you hear them say "What's this button or lever for" or "Hey watch this" you might want to step back and get your cell phone out and be ready to call 911.

### Did you know Chapter has a Drag Queen?

Did you know Chapter has a Drag Queen? On Sunday June 26<sup>th</sup> there were 19 members head out on a Lunch ride the weather was great and the ride was wonderful. Tommy led the group up to Rib Country in Cleveland, GA. It was a nice leisurely ride and all bikes were in sync with each other, and pulling up the rear was our very own Drag Queen Debbie. Debbie is acting as chauffeur for Ralph since his shoulder surgery. She did a great job as drag for the group. Her communication was very clear and on time to keep the lead informed and the group safe. If you were not able to go on this ride you missed a good one, but there will be more rides coming soon. So watch the schedule of events and emails for the upcoming rides and make plans to join the Drag Queen on our next ride!

## GOLDWING DYNASTY

### 2015 GEORGIA RALLY

If you have never spent all three days of fun, contests, and fellowship at the Georgia District Rally you have really missed out. This year was my 1st year to enjoy the entire Rally. Thursday joining Chapter T members and helping with registration. Meeting and Greeting Wingers from all over the Region A States.

Then enjoying a fun evening with Chapter T members and dinner. Friday was time to set up are two entries in the Duck, and Photo Contest and just hanging out at the Camp site with Debbie/Ralph, Cody/Jeanne and Mike/Linda.

Cody cooked up a Low Country Boil that was out of this world on Friday night. Now that group of Chapter T members really know how to camp.

## Gold Wing Dynasty Continued

On Saturday was the judging of our entries in the contests. Sorry to say Chapter T didn't fair that well. Our duck didn't win but came in 7th in the duck race. However, our photo came in second place. We may not have won any great honors but our enthusiasm was high. There is always next year.

The closing ceremonies were filled with happy memories of the past years of the Georgia Staff. Saying goodbye to Tommy and Vicky Martin and others as a new Staff took center stage. There are so many memories of the weekend you could write a book. So if you want to add new memories to your life take the time to join in the fun next year. Hope you enjoy some of my Special memories.

Ride Safe, Carol

## PLAQUE ATTACK AND B2

Chapter T's Plaque attack started with 7 members and a cloudy morning. Everything was going just fine. Down I-20 we were putting on the breaks due to slow traffic. Debbie and Ralph were right behind me in their car when all I saw a truck. I thought the truck had just slip in. As all of us processed down the road Debbie called and said that someone had rear ended them and to just go on. They were fine and had already called 911. We finally made our way to B2's meeting less two chapter members. (PS only one U-turn thank you Tommy for keeping tradition). Chapter B2 opened their arms with love and fellowship at our arrival.

After we entered their meeting, Dumbo decided to check out the door Prizes. Now Garland how could you let him. Well maybe there was something he wanted, No such luck! But, I was able to win the gift certificate to Gary's Hobby Shop and half of the 50/25/25. So there Dumbo, you didn't get a jump on me.

As we listened to all their up coming activities and funny presentation, then the plaque was given away. We have the Plaque.

**A little funny to lighten your day!**

Yesterday afternoon I was walking and holding hands with my wife. I suddenly dropped her hand and grabbed my cell phone to take this picture. She hit me in my chest and wouldn't talk to me the rest of the day. Last night, she asked me "How could you?" I said "How could I not? It's not every day you see a dog driving a car."

Don't  
Think  
too much.
