DON'T MISS OUT ON A GOOD TIME, COME RIDE WITH US!

We've been quite busy lately as a Chapter, we are going on more Chapter Rides, we captured the District Travelers Plaque from B2 and held the Plaque gave away at our gathering place Ryan's. Where Chapter A showed up 10 strong to take it home with them. We had a break-fast Ride that I missed because of work "Bummer"! But I heard it was really a great ride and the restaurant was awesome! Sounds like we will returning to the Sunny Side Up. We had 18 members that met at Cheddars on July 28th for a wonderful dinner. The food was great and plentiful and the service was just as good. Now we have some good rides and activities planned for the Chapter in the coming month and beyond. So mark your calendar and plan to join us for a good time!

Adventures of Dumbo

Mr. Garland took me to a place called Buffalos to go spend some time with Mrs. Debbie. We ate supper and the Chapter T team was busy making plans for some fantastic adventures for all of you. Mrs. Debbie and I have been doing a whole lot of riding, even in the scorching hot weather. I have noticed that many of my Chapter T buddies have been going with us and boy we have had some fun. You know what else? We sure do eat a lot. We rode to Canon to a place called Sunny

Side Up, I thought it was going to be a sunny, bright and hot place, but guess what...it was another restaurant and yes we ate some more but it was great food. I also got to sit on this little bitty horse and boy I was nervous cause I thought I might get bucked off, but Mrs. Debbie held on to me real tight and I was okay.

Me, Mrs. Debbie and Mr. Ralph went to the hospital to visit our

friend Mr. Mike and do you know what we did when we left the hospital??? You got it we went out to eat. We also met some

of our Chapter T friends at a place called

Cheddars, I thought we were going to see some cheese, but guess what, it was yet another restaurant there were so many of us there we had a blast and the food was spectacular. I have a confession to make, I have really packed

on some extra pounds, I may need an intervention, I need to go on a diet and my tummy is hurting a little. Check out the pictures and see for yourself how much fun we are having,

I need to go get an alka seltzer.

DESSERT BEFORE LUNCH

On Saturday July 18th, 8 Chapter T members set out for Crooked Pines Farms in Eatonton, GA. Our taste buds were getting ready for THE ICE CREAM FESTIVAL. There were 16 different entries waiting to know who had the best ice cream and our goal was to taste each entry and select 2 winners. We tasted peach, Strawberry, Banana pudding the list went on and on. There was one booth that we all agreed we could of done without. Vanilla ice cream topped with chocolate, balsamic vinegar and olive oil. I don't think the southern folks were ready for that.

After the tasting we all found a cool place to relax and plan were to have lunch. Smith's Costal Grill in Eatonton was are next stop. Vicky Martin just getting off work and was able to join in the fun. Great food and fellowship was enjoyed by all. Come join us next time. You will never know where the adventure will lead you.

Ride Safe Carol

Well it does work if you'll do it.

Donna and I recently returned from a trip through the Outer Banks and Crisfield Maryland. Except for the first day of heat it was a wonderful trip. To get to the Outer Banks we went to Cedar Island N.C. took the ferry to Orcacoke Island. As we on the ferry with our Gold Wing we were joined by another couple, Lee and Jamie Shreve. They are locals from the area just out on a day ride. The ferry ride was 2 ½ hours so we had a lot of time to talk. Donna and I found out they were not GWRRA Members. They have been riding a few years but have not really run into any other Goldwingers except of the ones who ride through their town going to the Outer Banks. I looked in the newest Gold book for any other Goldwingers in their town. There was one and it seemed to really please them. After sharing a bunch of riding stories (theirs and ours) the ferry docked. We shared E-mail addresses and parted ways. They took a signed application for GWRRA. This is a prime reason to always carry applications for GWRRA. I gave them the one out of our Gold Book.

Ride safe and often,
Sid and Donna

Chapter Rides

We've had several Chapter rides this past month and they all were great rides. Hum that may be a big statement. So I pose this question to you; What really constitutes a great ride? An accident free ride? Sunny day ride ? These are pretty much a sure thing. Well, I have a few more things that I think makes a great ride.

- Sharing a ride on our gold wing with my wife.
- Riding and socializing with our friends!
- Riding back roads, yeah the curves I really like!
- The Beautiful Scenery!
- Enjoying fine food with our friends!
- Joking and Laughing with our friends!
- Making new friends and visiting with old friends!
- Anytime I can ride my Gold Wing and hang out with my friends makes for a great ride!
- Long Rides, Short Rides, Overnighter's. They can all be Great Rides!

As I revisit the ole memory bank, I reflect back on some great rides that we have taken on our Gold Wing. Some rides were very special to me and Vicky. I bet that you can remember some that are special to you as well. Maybe it was because of the destination of the ride, the event attended, or maybe it was the people you were with that made it special to you. I would like for you to take a trip back in mind and re-visit your memory. Recapping some of those special memories of rides that you really enjoyed. It don't matter if it was a chapter ride or not, please share them with us. We would like to know about those special rides, so we might be able to recreate some of those great rides for others to experience.

Lets keep making memories to reflect back on!

Rider Education

This has been one hot summer and it doesn't look like it will get cooler anytime soon. So it would be good to know the signs of heat illness. Your body will send you signals that it's having trouble with the heat, which can include cramps, nausea, headaches, extreme fatigue, flushed or pale skin, dizziness, and heavy sweating. Left unchecked, you can develop Heat Exhaustion, which is a form of mild shock. If you're feeling these symptoms, it's time to pull over, rehydrate, rest and recover for as long as it takes. Don't be in a rush to get back on the bike – sometimes a rider doesn't want to inconvenience their friends by holding things up. How long do you think a trip to the hospital will hold up the ride? If Heat Exhaustion is allowed to develop into Heat Stroke, you're in big trouble. Your cooling system shuts down, and body temperature can rise to as high as 105 degrees. Brain damage is possible and at the very least, you'll likely have an erratic pulse and trouble breathing. People with Heat Stroke often pass out – not something you want to happen when you're riding. For more tips on avoiding and recognizing Heat Exhaustion and Heat Stroke, [visit the American Red Cross website here](#). To help avoid heat related illness drink plenty of water up to a liter an hour to replace water lost through sweating. You might consider wearing a cooling vest when temps hit 90 and above. Plan out your trips with plenty of rest stops to cool down. Follow these tips and you should have safe summer riding.

Recipe

Orange Juice Bundt Cake

By Charleen

Ingredients

Cake

1 yellow cake mix
1 small box (3.4 oz.) instant vanilla pudding
stick)
4 eggs
juice
½ cup vegetable oil
1 cup orange juice

Glaze

1 cup sugar
½ cup butter (1
¼ cup orange

Preparation

Preheat oven to 325 degrees, Mix cake mix, pudding, eggs, oil and orange juice together, Pour into a highly greased Bundt pan and bake for 40 minutes .

For glaze, melt butter in a sauce pan and add sugar and orange juice. Bring to a boil, stirring constantly. After removing cake from oven poke holes in cake with a long tined meat fork and pour glaze on cake. Let set for 15 to 20 minutes then invert onto plate.

Note * I used a nonstick Bundt pan and it still took me 3 times to figure out I needed a *thick* layer of butter when greasing the pan.

* While pouring on the glaze (with a gravy ladle) I slightly pulled the top edges of the cake away from the pan so the glaze could run between the cake and the pan

A little funny to lighten your day!

“You can be THE MAN of your House”.

Aaron had just finished reading a new book entitled “You can be THE MAN of your house”. He stormed into the kitchen and announced to his wife, “from now on, you need to know that I am THE MAN of this house and my word is law! You’ll prepare me a gourmet meal tonight, and when I’m finished eating my meal, you’ll serve me a scrumptious dessert. After dinner, we’re going upstairs and I’ll have my way with you. Afterwards, you’re going to draw me a bath so I can relax. You’ll wash my back and towel me dry and bring me my robe. Then, you’ll massage my feet and hands. Then tomorrow, guess who’s going to dress me and comb my hair?” and His wife Rebecca replied, “The funeral director would be my first guess”.
