Directors Corner

What a relief, some cooler temperatures which we are truly thankful for. We have been sweating at my house for a while now. Ralph and I have had a lot of problems the last few weeks. As many of you know our seawall fell while we were at Wing Fling. We had to repair it and at the same time we have had to redirect water flowing through our yard and replant grass, just as we finished that our neighbor's dogs ran thru our freshly planted and wet yard. As we continued on trying to correct our yard problems it has led to even a bigger mess. We now have some busted water pipes that won't let our pump hold its prime, so you guessed it..we now have a giant hole in our yard where we are digging up the water lines. We are hanging in there trying our best to get our yard disasters repaired.

Hopefully we will have it done in time for our annual wiener roast on October 10th. You are ALL invited to come and join in on the fun and games at our house. Fun starts at 3:00PM. I will send out an email with all the info.

I have to brag on our chapter members. I have really been encouraged by all of you, by the number of you who are participating in our events and rides. It is great seeing so many of you joining in on the rides and fun. Thank you all for this and keep it up.

Adventures of Dumbo

Hi Everybody,

I have had an “interesting” month hanging out with Mr. Vance. First off he took me to the Kick Tire with him and Ms. Fern in the car. When we got there he left me in the back window because it was covered parking and he didn't think it would get too hot. Well, when I passed out, he ran and got me out and Ms. Debbie had to do mouth-to-trunk on me. She saved my life!

When we went to Whistle-Stop Café, he put me in the trunk because he was afraid my hat would blow off. On the way down there Mr. Tommy got us on some gravel roads and I heard a lot of OMG's. But everyone made it through just fine. All the bikes and Ms. Carol's car were covered with dust. Mr. Vance had to wash his bike after we got back home.

The last thing we did was to go to The Butt Hutt. Mr. Vance actually took me inside with him this time and let me sit on the table! I had some of his curly fries (they call them pig tails).

Well that's all for this month. I can't wait to see who I get to go home with next month.

Love

Dumbo

CHAPTER PRIDE

Pride; A feeling or deep pleasure or satisfaction derived from one's own achievements, the achievements of those with whom one is closely associated, or from qualities or possessions that are widely admired.

Now that we know the meaning of the word “Pride”, lets all try to show pride in our chapter by supporting and wearing our chapter shirts when we go on rides. To me there is nothing better then seeing a crowd of riders come up together and walk in all matching. Chapter T has great looking red shirts and now we have another shirt to add to our collection. The new tie dye is fabulous in my opinion (LOL) and it really stands out and makes a statement. In case you were not able to order yours with the first order get with Charleen and get you one soon. I can't wait to see us all together and looking sharp in Chapter T RED!!!!

See you on the next ride

WHISTLE STOP CAFE

On a beautiful Sunday morning 13 Chapter T members gathered at the T/A Truck Stop in Madison. Our destination was Juliette GA home of "FRIED GREEN TOMATOES."

Tommy Martin said during the drivers meeting we would be taking a leisurely ride.

As the group left the city of Madison the sites of the country side appeared. There were back roads I have never seen before. Beautiful GA forests, old and new country

homes. Chapter T members were very much surprised when unknowingly (even

Tommy) the rode turned a little dusty. The citizens of this back country road must of

thought we were a bunch of nuts. Everything turned out just fine and we arrived safe in

Juliette.

There was about a 45 min wait so we all relaxed on the front porch of the Whistle

Stop Cafe. Everyone was talking and having a great time when a train came passing by

with horns blaring. For those members with sensitive hearing the noise was ear

piercing. The wait to eat was well rewarded. Great food and laughter

and fellowship.

Please come join us next time,

Carol Swanson

Changing of the Roads

We had a great ride to the Whistler Stop Café even though the back roads we took were really back in the sticks, so much so that they had ran out of pavement. Therefore, we had to travel for a few miles on gravel roads. But, I was very impressed with the Riders and Co-riders, they stayed calm and handled their motorcycles very well on these dirt/gravel roads and never complained. However, we did have some fun with it, "Like we are having confidence training" or comments like "Bike wash at Tommy's House after the ride" but that is okay, its all in fun.

Something to think about when planning a ride, all computers (including the GPS) does not offer the option to avoid dirt roads or show the change from paved roads to dirt roads on the map. So when planning rides in the rural areas, remember that there is a chance that you may encounter dirt roads.

Rider Education

Fall is among us and soon the leaves will be falling and the rain will make them very slick. Also they will pile up in the curves and low places of the roads. So be careful as you head out on those fall leaf rides.

Don't forget Chapter T has a TRC scheduled for Sept. 26th. This is a very good course for trike riders. It will help to sharpen your skills and you will come away with a better feeling about your riding. This course is limited to 12 bikes and it is free to all GWRRA GEORGIA MEMBERS. You can sign up on the Georgia Website at Georgia-ga.com. So don't miss out sign up today.

A little funny to lighten Your Day!

Memo from a Church Secretary

Ladies, don't forget the rummage sale. It's a chance to get rid of those things not worth keeping around the house.
