Well this has been a really "HOT" summer. Please be careful while you are out riding, don't forget to HYDRATE your body to help avoid any problems. Find a way to stay cool. Make sure you have water, ice and cloths in your bike and use all of it to cool off.

We have had a great participation from the members of Chapter T for our rides and meals out and we are planning several different types of activities for the chapter this year. Please check it all out and plan on joining in on the fun. We will be doing overnight rides, camp outs, picnics and a whole lot more. You have to join in to have a good time with us, so come on and let's ride. We are looking forward to riding out west for Wing Ding. This will be mine and Ralph's first trip out west. We sure hope to see many of you in Montana.

Our overnight ride to Cherokee is August 6th. We are going to see "Unto These Hills" in an outdoor theater. Of course we will be doing some riding while we are there. Are you going with us??

Please check out the calendar and our website for more of the upcoming rides and adventures. As usual please watch your email or listen for a phone call for more information on rides and supper gatherings.

Hello Chapter T

It been hot and we have been riding. We had a lunch ride to Hickory Knob State Park, a breakfast ride to Over easy Restaurant and several went to the South Carolina rally and then on to the Chapter A beach party this month. We will keep going on rides, we have plans for Cherokee on August 6th and on August 14th ride to the North Georgia mountains. Debbie and I will be going to Wing Ding and our Assistant Director Garland will be leading a ride on Sunday, September 11th. Stands up at 9:00AM from the Race Trac. We will be stopping for lunch. Destination is a surprise!

I have been trying to ride as much as possible and represent our chapter at as many events as possible. I would love if some of yall would call with some suggestions for rides or events to attend.

See you on the highway.

A little Humor

Definition of getting "OLD"

I was very quietly confided to my best friend that I was having an affair.

She turned and asked me "Are you having it catered"

That my friend is the definition of getting old!

Just before the funeral services, the undertaker came up to the elderly widow and asked, "How old was your husband"

"98" she replied: "Two years older than me"

"So you are 96," the undertaker commented.

She replied, "Hardly worth going home, is it?"

Reporters interviewing a 104 year old women:

"And what do you think is the best thing about being 104?" the reporter asked.

She simply replied "No peer pressure"

Best way to prevent sagging is just eat till the wrinkles fill out.

Adventures of Dumbo

...with Ms Sylvia started with me helping her take minutes at her Cycle Disciples monthly meeting followed by a supper ride to Champy's -- fried frog legs --- I DON'T THINK SO!! Ms Sylvia's grand dog Maggie thought I was her new toy, so I had to stay in her guest room until time to head out to CT. I had my first pedicure--how delicious is that. I have never had so many Subway stops in my life---but it is healthy eating when riding long distances. Ms Sylvia told me so!! I met a little friend who wanted to hold me. We arrived in CT very tired & hot. Rested for one day and then Ms Sylvia's son, John led the ride to the GWRRA New England Rally in NH via the back roads of CT, MA, and VT ---OMG, WHAT A BEAUTIFUL RIDE. They

call it a convention. We were well received and I had my picture taken with the couple of the year, Mr Carl & Ms Lynne Christensen. We road to Ben & Jerry's in VT. The line was tooooo long for touring the factory, so no ice cream today. Back in CT, John took us on some more fun rides. I had my first ferry ride. We went to Buttonwoods Sunflower & Ice Cream Farm, I rode the cow train.---it has sure been hot & humid, so I was in our hotel room most days. The housekeeping staff thought I was cute---WELL YEAH !!! Then it's time to come home and I am sad, because it has been a most fun trip. But....it will indeed be nice to get back home to friends & family--I have missed you! DUMBO

The Heat Is still On!

We have to continue to be aware of the high temperatures while riding. The heat is still on and we need to make sure we hydrate our bodies before we start the ride,(Like the day Before!) If you have the cool vest use them. If not wetting your shirt works very well. Once they become dry, that is a indicator that you need to stop for a break and wet them again. These 100+ temps can be dangerous. So if you are going to ride please be careful, hydrate ahead of the ride, take precautions to keep cool.

Lets all ride smart and arrive home safe and sound!

A View From the Cheap Seats Calling all members!

Well, it's that time AGAIN - Debbie calls and asks for help. It seems a group of our leaders are all going to abandon us for a few weeks. They are going to Wing Ding in Billings and are taking 3 weeks to get there and back. So, they have asked us to plan and lead a couple of rides in their absence. Since we are still kind of new to the area, there is no telling where we may end up but the best part is that we will be riding our bikes. Isn't that why we all joined GWRRA in the first place? We will do our best to plan an interesting ride and destination and hopefully, it will have some twists and turns to make it fun! If anyone has a destination in mind, We are definitely open to suggestions. For those of us that have to work or have other obligations and can't go to Wing Ding, we can at least have a couple of days of fun and riding.

Wow it has been hot the last 4 weeks and it has stopped most of us from enjoying what we really like. Riding our bikes. Chapter T has remained active during this time; unfortunately most of us went in 4 wheels. There seems to be a little problem with the Area Run list at National so as soon as we can we will be going over it. Please be patience and help us out.

I continue to ask for help. If you can suggest a game or two we can enjoy at our gathering please let Donna or I know. Also where would you like to ride? We are always looking for a different place to ride. Remember if you don't participate with the chapter you cannot have fun with the chapter.

Last month only one person asked me how can they get a year's free membership in GWRRA. Ask me to find out how.

I'll leave you with this statement I saw on a restaurant wall.

WHEN IT'S JULY HOT in GEORGIA your biggest fear is not so much a motorcycle accident, but the fear of "what if I get knocked out and end up lying on the pavement and cook to death"?

What a great organization to meet friends and have adventures with. Just think back over the past few months, we have been to many great places to eat, visited other chapters, we've gone to several fun days, region meetings, state meetings and even to Alaska. If you're tired of sitting around the house then get on your motorcycle and come along, if you can't come on your bike then come in your car. there's fun to be had and memories to be made with your friends.
