Chapter Director

Here is what has been happening since our last meeting: on June 23rd we rode to Bobby's Cheeseburgers in Canton. Ralph and I thought we were recovered enough from our surgeries to hit the road. We made it up there and back BUT, we paid the price. We were both very sore and was planted in our recliners with ice packs and heating pads for several days. We did enjoy being with everyone on the ride, we had 6 members on the ride and we were joined by Sid Cohen's son and his girlfriend. We enjoyed some fantastic hamburgers and great friends.

On July 1st your chapter TEAM got together and planned some rides and adventures for Chapter T for the remainder of 2018. The hard work and collaboration really paid off so please check out all the happenings on your calendar.

On July 7th we planned a ride to visit our friends at chapter F-2 in Augusta. We had a fantastic group of people from Chapter T attend. We filled a table with 9 members.

Rallys, friends, camping, food, campfires, tall tales, fantastic rides and many adventures are coming up over the next few months. Don't miss out on all the fun, make plans now to join us.

Hello Chapter T Friends

Hello again Chapter T, things have been slow going for us. Debbie and I had our surgery and both of us are getting better but not as good as we thought. We went on our first ride June 23rd to Bobby's Cheeseburger in Canon, we had a great ride with 6 members riding and 2 guests met us there, BUT when we got home neither one of us got out of the recliner for 2 days.

We think we might be ready to ride again??? We had a staff meeting on July 1st and now we have a calendar full of fun rides and events. We rode to Augusta for lunch with chapter F2 on Saturday, July 7th. We will talk Thursday night at our chapter gathering about rides events and just some get-togethers for the rest of the year. We even have some things planned for us just to spend some time together as a chapter full of friends. I hope to see you Thursday night at our gathering.

Chapter T 2018 Couple of The Year — in travel

Chapter T 2018 Couple of The Year – In travel

Chapter T friends, by the time we have our meeting in July we will have been on our bucket list road trip 83 days, and the odometers have exceeded 7000 miles. America is so beautiful, we continue to be overwhelmed with its beauty.

When we left Los Angeles, we rode the Pacific Coast Highway, then onto the Grapevine (I-5N Freeway) heading to Visalia, CA for a couple of days. The Tail of the Dragon has nothing on the road going up to the Sequoia National Park. There were several 8% inclines, and had to stop several times as both trikes ran hot. It helped that there was two thirty minute stops due to road construction. When we finally made it to the park, it was an AWESOME sight.

From there we went to Oakhurst, CA for three days. We decided to give the trikes a rest and rode the bus to Yosemite National Park. Another AWESOME wonder -- we got teary eyed and all we could think of was the song, "How Great thou Art".

We then rode to Redding, CA, with plans to spend just a couple of days but stayed longer as Jim developed a UTI. The ride to the emergency is a story that can only be told in person. We left CA and rode to Grants Pass, OR. It was a long, hot ride, so we spent an extra day there. We then rode up the Oregon coast, through several mountain ranges where we were taken back by the tall Redwoods. We spent the night in Astoria, OR. From our hotel we could see this very high and long bridge that would have required us to cross to get into WA. We chose to go back thru Portland, a longer ride but more scenic and besides who would want to cross a bridge on a hot windy day

On our ride to Seattle, WA we thought we were in the middle of Atlanta traffic as we encountered several traffic jams about twenty miles before we got to our hotel. Seattle drivers are as just as "friendly" as Atlanta drivers. Need we say more? It was a hot Sunday afternoon and we did not want to encounter Seattle's "friendly" drivers again, so we rode the monorail to Pikes Market, which by the way is another "check" on our bucket list. We saw them toss salmon to each another; we went to the original Starbucks coffee shop and the people waiting to get a cup of coffee was VERY long – Do you know what the original Starbucks logo looked like? The day at Pikes Market ended with lunch by the water.

We left Seattle and rode to Post Falls, Idaho for the night. The next day we had a beautiful scenic ride through mountains of Montana. We knew of rain in the forecast, but thought we could make it to our hotel in Missoula, MT before it started. We were drenched by the time we reached the hotel for the night. More rain was forecasted then predicted and we tried to extend our stay and were told that because of state wide soccer tournaments all rooms were booked at this particular hotel. We were successful in finding other accommodations for extra days.

Continued next pg.

Butte, MT to West Yellowstone was another beautiful ride, and....off to the side we saw 200+ cattle being herded – awesome TV western kinda scene – all of a sudden we were at a standstill and what a sight it was to see these cows slowly taking their time crossing the road and at one point some of the ranch hands had to chase a group back into the group.

Checking into our hotel in West Yellowstone we noticed that the fenders of our trikes and trailers had “cow stuff” scattered on them – YUK!!! Fortunately, there was a carwash nearby.

The following day at breakfast we saw a guy with a UGA Bulldog tee shirt and Jim yells out “Go Georgia Bulldogs”. The guy stopped and not missing a beat, answered back “Go Dawgs”. He was from Savannah and had attended UGA -- small world huh?

West Yellowstone, is located in MT, and traveling four miles and you are in WY and into Yellowstone National Park. We decided to take a tour bus and had the best tour guide ever. He was very knowledgeable and knew all the stops to make to where we saw numerous buffalo, elk, geese, ducks. Old Faithful erupted on time and what a sight that was. Another geyser named Beehive which seldom erupts was another awesome sight. Pictures and postcards do not fully describe the sights we saw that day and the many friends we have met thus far.

We continue to share our bucket list experience with bikers and non-bikers.

Blessings to You & Yours

Jim & Sylvia

Thanks You, Chapter F2 for their warm Hospitality and Fun fellowship.

The food was good but it made you want to take a nap! Sid tried, but just couldn't fight it!!

Ralph's fighting hard to contain himself over excitement of Debbie winning the Whoppers!!

Well June has arrived and so has some warmer weather. I'm not going to talk about self hydration or riding gear I'm sure our Ride Educator will do some of that. What I want to talk About is getting out and enjoying those machines that we are fond of. Reflect back on why we purchased them? For those who don't ride much are you keeping them ready to go at a moments notice? We still seem to have a certain group who comes to most of the rides and some in the chapter who never show up. To start with when your chapter team plans a ride or an event it is for everyone in the chapter. Not just a chosen few. If you are the person who doesn't care for where we are going on the rides, make a suggestion. Your chapter leadership team has a planning meeting and we will add your ride the list. Someone will also lead for you. Remember, if you are not having fun then you probably not participating.

Donna and I are also looking for some fun events to do at each chapter gathering. We are open for suggestions for that also. You can email or call us. We will help put it together for you if needed. Heck if you just make the suggestion and don't want to get up and promote the game we will do that also. Well enough rambling on.

Ride safe and often,
